5 v 5 Survivor Classic: The Game,

All games will be played on the small field. Play will consist of 4 field players and 1 goalie with 2 (20minute) periods. The last 4 minutes "The Survivor Round" is the twist to this tournament. When there are 4 minutes left in the last period the game will be paused. Each team is to select the 5 players to participate in the remainder of the game; no substitutions can be made after the 5 are selected. In this selection 1 player will be granted the "Sacred Penny". The player who is granted the "Sacred Penny" cannot be voted off. Voted off? That's right, after each minute of play during the "Survivor Round" play will stop and the opposing team will vote off one opponent. This continues until the game is over. Complete tournament rules will be provided upon registration.
